

Mystagogia Questions

Week 1 (Gathering as God's People)

1. Share your 'personal ritual' when entering the church or preparing for online worship?

(crossing yourself with or without holy water, do you sit in the same place, do you prefer silence or connection with others, is there a particular prayer you pray before the service)

2. What part of the presentation really caught your attention?

(A new learning, something you disagree with, something that you would like to learn more about)

3. What could Trinity do to enhance both our in-person and online gatherings?

4. Is it worth using the language of *assembly* rather than *congregation*?

Use this quote from The Rev. Dr. Ruth Meyers as a springboard: "A liturgical assembly is not a passive meeting of individuals concerned with their personal salvation but rather a purposeful gathering of a community called together by God for the sake of the world."
