

Mystagogia Questions

Week 6 (Going out as God's People)

1. Which positioning of the announcements — after the peace (middle), or before the blessing (end) — best suit the serving of God's Mission?

2. Do you agree or disagree with the BCP 1979 rubrics committee who thought that the inclusion of a recessional/sending hymn distorted the shape and intention of the Eucharist Liturgy? Why, why not?

3. Given our current climate of a limited return to in-person worship, do you think the church should devote more energy to streaming Eucharistic services online or taking reserve sacrament to those who are not able to worship in-person?

4. Whose statement do you most resonate with, Mordecai or Zipporah?

Mordecai: A ten minute homily during the service is hardly enough to touch the surface, we should have in-depth teaching after the service!

Zipporah: All I want to do is grab a coffee after the service and chat to some of the other parents while the kids play in the hall... heaven forbid that we have to try to keep the children quiet and listen to the rector drone on even longer!
